

**Company Description:**

Evozon is a software outsourcing company from Cluj, delivering top quality services to the international market, with a strong focus on the Western Europe and U.K. markets. We offer excellent career opportunities for those who enjoy working with interactive teams and state-of-the-art technologies. By joining Evozon you are offered the chance to expand your area of expertise and refine your skills while working on challenging projects for prestigious clients. Evozon is the ideal work environment for bright, creative, open-minded and goal-driven specialists. For more details, please visit: [www.evozon.com](http://www.evozon.com).

**Job Description:**

Evozon is currently seeking young, talented artists with a passion for video games. You'll have the opportunity to be part of a young and fun team working on games for various mobile platforms.

**Main responsibilities:**

- Draw 2D game environments, objects and characters;
- Draw concept art for games;
- Create animations.

**The ideal candidate:**

- Must be very talented at drawing;
- Must have a strong attention to detail;
- Must like and play games;
- Has exceptional communication skills and ability to work well within a team;
- Has excellent English skills.

**Considered a plus:**

- Experience with Adobe AfterEffects;
- Sense of humor;

...and if you've got more, we'd like to know about it.

**What we offer:**

- Excellent benefits package including private health-care;
- Customized career planning;
- Work on exciting and varied projects;
- Work with cutting edge technologies;
- Flexible schedule;
- Significant growth opportunities;
- Lots of professional challenges in a friendly and informal environment.

**To apply:** Please attach a personal portfolio to your CV. The selected candidates will be invited to an interview and will be given a few items to draw and show off their talent. No work experience is required; you only need talent and love for drawing.
